EAGLE ALLIANCE/ENCORE/GTA

Part No. 81

GENERAL INFORMATION

This Parts Catalog is designed to help insure your ordering the correct replacement parts for servicing 1986 ALLIANCE and ENCORE, or 1987 ALLIANCE and GTA vehicles. **IT IS NOT MEANT AS AN ASSEMBLY GUIDE.** Please refer to the appropriate Technical Service publication for disassembly, repair and reassembly procedures.

The Catalog is divided into ten basic sections, consisting of Plate Numbers as follows:

01 thru 09	General Information
10 thru 19	Engine
20 thru 29	Drive Train
30 thru 39	Mechanical Components
40 thru 49	Body Structure
50 thru 59	Body Components
60 thru 69	Climate Control
70 thru 79	Interior Trim
80 thru 89	Electrical Equipment
120	Numerical Index

The specific Plates appearing on each fiche are indicated on the colored band across the top of that fiche, and are also shown in the index at the top of this column.

Parts not listed for the specific vehicles included in this catalog are to be considered as **NOT SUPPLIED FOR SERVICE** by JEEP/EAGLE Service and Parts Operations.

Left and Right-Hand parts should be determined as though you are in the driver's seat.

Conventional accessories, such as radios, antennas and outside rear view mirrors are listed in a separate Accessory Reference Catalog. Serviceable components for these accessories **ARE** listed in this Parts Catalog.

Suggested prices for all parts listed in this Parts Catalog can be found in a separate Dealer Parts and Accessories Price List.

Dimensions, weights and measures are in metric units unless otherwise specified.

The Dealer Parts and Accessories Price List will list substitution information when stock has been depleted at both the Milwaukee National Parts Distribution center and **ALL** Zone warehouses.

Substituting parts will automatically be supplied when the original part number is ordered even though the Parts and Accessories Price List may not show the substitution.

Ornamentation changes and other modifications, deletions or additions to original equipment made by owners or dealers to satisfy individual owner preference are not listed in this Parts Catalog. The owner or dealer assumes the responsibility for these items.

Bulk paint is not available from the factory. However, aerosol or brush top touchup paint is listed in the Accessory Reference Catalog, Technical Notes or Technical Service Bulletins. All colors shown are available from your local Ditzler or Dupont paint jobber by requesting the intermix formula.

NOTES REFERENCED ON PARTS CATALOG PAGES

61 Shock Absorbers should be changed in axle pairs.

62 **CERTIFICATION NOTE:**
All sound modifying devices listed within this Catalog and which are included in the current Parts Price List as being available through JEEP/EAGLE Service and Parts Operations, are certified to comply with the Exhaust System Certification Regulations contained in Title 13, California Administrative Code, Sections 1050 through 1054, for use on vehicles for which they are listed.

63 Key code **MUST BE SUPPLIED** when ordering coded key.

64 The replacement Coolant Temperature Sending Unit **MAY** have a screw type Terminal end, in contrast with the blade type Terminal end on the original equipment Sending Unit. Consequently, it **MAY** be necessary to use Adapter T4430 000 to connect the blade type Wiring Harness to the screw type replacement Sending Unit.

66 This part is a service replacement for **SEVERAL** alternative original equipment parts.

67 Order new Part Number same as appears on part being replaced.

68 Remove Vacuum Motor from Housing Assembly when used on models without air conditioning.

69 This black Remote inside Handle Assembly is used **without** the separate chrome Bezel. It is serviced as a complete Assembly only; its components are not being serviced.

70 Please refer to the current Accessory Reference Catalog for this item. Only the serviceable components of accessory items are included in this Parts Catalog.

71 **TYPE I CLUSTER:**
"Low Line" Cluster has Temperature WARNING LIGHT and Oil Warning Light in bottom half of Cluster.
"High Line" Cluster has Temperature Gauge and OIL LEVEL GAUGE in bottom half of Cluster.

72 **TYPE II CLUSTER:**
"Low Line" Cluster has Temperature GAUGE and Oil Warning Light in top half of Cluster.
"High Line" Cluster has Temperature Gauge and VOLT METER in bottom half of Cluster.

73 Used with passive restraint Belts only.

74 Used less passive restraint Belts.

75 When using this 1986 2nd design Backing Plate on earlier 1986 models, the two Pull Down Springs #83502 211 are no longer needed.

76 The Mirror Support is replacing the discontinued Mirror Mounting Kit. When installing a Mirror Support, use Loctite #312 Adhesive and the Accelerator for Loctite Adhesive #312, or equivalent, in order to mount the Support to the Windshield Glass.
